About V&I Homes

V&I Homes is a majority First Nations and Veteran-owned business, delivering high-quality manufactured housing with a focus on reliability, efficiency and community outcomes.

Our MISSION

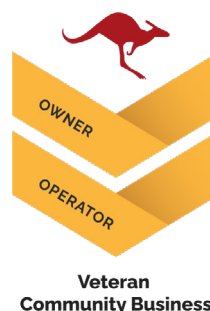

V&I Homes exists to deliver high-quality manufactured housing that drives empowerment across First Nations and Veteran communities. Through strong partnerships, cultural integrity and proven experience, we deliver innovative and sustainable accommodation solutions that generate enduring social and economic value.

Our VISION

Our vision is to set the national benchmark for manufactured housing. We aim to be the trusted partner for businesses and government alike, known for delivering exceptional quality, innovation and reliable outcomes that go beyond expectations.

These values are also embedded in the artwork he created for V & I Homes. The circle represents family and community, the joined hands and journey line symbolise partnership and progress, and the tracks reflect our drive to move forward. Meeting places and people highlight the communities we serve, while the land, water, and stars represent our connection to Country and our shared aspirations for the future.

Veteran & First Nations Participation Policy

We acknowledge all First Nations people as the Traditional Custodians of the land of which we live and work. We pay our respects to Elders past and present, and recognise their enduring connection to land, waters, and culture.

First Nations

V&I Homes is dedicated to closing the gap by working in genuine partnership with First Nations communities. Through our First Nations Participation Plan, we create opportunities for employment, training and procurement, delivering real economic outcomes and building a stronger, more skilled work force.

Veterans

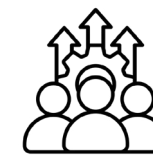

V&I Homes acknowledges the complexities of transitioning from military to civilian life and is committed to supporting veterans through structured re-skilling pathways. Across our housing projects, we create clear opportunities for training, employment and leadership within the accommodation and housing construction sector.

How We Deliver Impact

Skills Development

Structured training initiatives designed to support veteran re-skilling and advance First Nations skills and development.

Workforce Pathways

Generating employment opportunities through strategic projects and partnerships that enhance workforce participation and enable ongoing personal and professional development.

Supplier Participation

Strengthening project supply chains through the inclusion and engagement of veteran owned and First Nations businesses.

V&I Homes was founded by Justin Jones, a proud Indigenous Australian and Army Veteran, and is grounded in resilience, leadership and a deep commitment to community. With more than 21 years of service, including deployments in Australia, the Solomon Islands, Afghanistan and Timor. Justin applies the discipline, adaptability and strength forged in the military to every project. He finished his service as a Regimental Sergeant Major.

Our Partners

V&I Homes has partnered with Ebert Investment Management Group, to deliver measurable outcomes for veterans and First Nations people, communities and businesses. Through an exclusive supply agreement with Northern Australia Accommodation Solutions (NAAS), this partnership enables structured access to mentoring, start-up capital and strategic networks, accelerating business growth, workforce participation and long-term economic inclusion.

Under the leadership of EIG Director Warren Ebert, this collaboration is focused on driving tangible impact. His mentorship and investment in founder Justin Jones strengthens capability, supports scalable delivery of manufactured housing and accommodation, and creates sustainable pathways for employment, enterprise development and community advancement across First Nations and veteran sectors.
